

AP Calculus **EXAM** Feedback

1. On a scale of 1-10 (10 being the best), how well prepared did you feel for each of the following:

- Section IA Multiple Choice – NON Calculator _____
- Section IB Multiple Choice – WITH Calculator _____
- Section IIA – Free Response WITH Calculator _____
- Section IIB – Free Response with NO Calculator _____
- Any comments you would like to add to your responses above?

2. Were there things which could have been done differently, or better, to prepare you more?

- By me? (Mr. S.)

- By yourself? (You)

3. For which areas/topics did you feel the most prepared?

4. For which areas/topics did you feel the least prepared?

5. Were there any major surprises on the exam (or minor ones)?

6. Were there things which could have been done better to prepare you,
 - Throughout the year?

 - During the review period?

7. Approximately how much time did you spend reviewing for the exam outside of class?
(how many hours total?)

8. How were the Mock exams useful/detrimental in preparing you for the final?

9. How were the Review Quizzes useful/detrimental in preparing you for the final?

10. Please add any additional comments or suggestions which you feel could improve on how the course prepared you for the actual A. Exam. My only request here is that you be honest and TELL ME if you have suggestions!

11. If you could guess, what do you think your score will be on the AP Exam? 1 2 3 4 5

AP Calculus **COURSE** Feedback

Please answer as many of the following as you can. If something was good, tell me. If something could be improved, tell me that also. Include both good AND bad comments. I'm tough – I can take it! I will use your suggestions to try to improve the course for next year. My only request is that you be honest with me!

1. What comments or suggestions do you have regarding homework?

- Amount?

- How checked/graded? Would you have preferred me to check it every day or did you prefer the self-regulation and personal responsibility for your own learning?

- General comments?

2. What comments or suggestions do you have regarding Group Assignments?

- Number or frequency of them?

- Size or number of problems?

- Difficulty level?

- Their value in helping you to develop understanding of the concepts?

As far as you know, did most people actually do their own assignments or work together in the proper fashion, or was there a noticeable amount of just copying? (**NO names please!!**)

3. What comments or suggestions do you have regarding unit tests? Timing, difficulty level, frequency, variety of questions, marking, scaling, etc.

4. What comments or suggestions do you have regarding Quizzes? Did you prefer them for marks or no marks? Were there enough quizzes for each unit?

5. What comment or suggestions do you have regarding the amount of practice AP exam questions that were made available to you? Too many or not enough?

6. Just between you and me, anything else you think I should know?

Please include any specific complaints about the instructor **in the box** below. Write clearly and legibly inside the box only, and use complete sentences only!!
